**** Yet to be finalized.**

Note:-

1. Short term courses will be depending upon the availability of candidates, likely to change under situations and requirements.
2. Certain courses could be introduced as per the need and demand of the industry.
3. No. of Extension programmes could be enhanced as per requirements of fisher folks / associations/NGOs etc.
- * 4. Skilled training programmes are included in training schedule at sl.no.17, 22 as prescribed in skill development courses in fisheries sector 'E' (ii, iii, v & vi). However, special modules can be developed exclusively on the same areas to train regular trainers after making the modules and approved by the Ministry.
